

## Pen and Ink Supplies

Black Iris Studios has recently developed and introduced this exciting new technique of pen and ink on porcelain. What you see is a totally NON-fired technique. Once your pattern is transferred to your surface you use a special pen we now carry and our own wonderful artist inks to apply the pen and ink portion.

Easy instructions with EVERY pattern packet show you how to use our special Satin spray to seal the ink and then apply artist oils in a roughing manner, again spraying between layers of color. Masterfully developed for Black Iris Studios by Marilyn Thompson, Tony Tanner and Cheryl Davidson, all of the pattern packets, inks, pens, and spray are available online at [www.blackirisstudios.com](http://www.blackirisstudios.com). The porcelain and doll industry has been VERY receptive to this new rich and wonderfully exciting technique.

Item Number	Description	Price
B4003	Oil Paint Media	\$ 7.95
B4004	Complete Oil Paint Kit	\$ 32.00
B4005	Red Oil	\$ 2.85
