

TBR Ceramic Decals

Non Firing Decorative Art Paste Order Form - Price List

**Dishwasher Safe
Freezer Tolerant
Microwavable**

Can be applied by brush or squeezed directly fro the bottle to create a dimensional detail to any surface including porcelain, stoneware, ceramics, wood, plastic, and even glass (etched or non-etched). Especially effective over a decal adding unbelievable dimension.

Art Paste can be used in conjunction with acrylics, oils, enamels or most any decorative painting medium, however the properties may change and they may not be dishwasher safe, freezer tolerant or microwavable. Because Art Paste is a non-firing medium, we recommend that it be your final application.
